## ANNOUNCING PUBLICATION OF FINAL REGIONAL CONDITIONS FOR NATIONWIDE PERMITS, AND WORKSHOPS ON NATIONWIDE PERMITS AND ENDANGERED SPECIES TOPICS

---

On 18 March 2002, all Nationwide Permits (NWP's) were reissued, some with modifications. Regional, Section 401 Water Quality Certification, and Coastal Zone Management conditions for the State of Washington became effective on 3 May 2002. A copy of the national text and all the conditions are in a special public notice (SPN) published 18 July 2002. This SPN can be found on the Seattle District Corps of Engineers web site at <http://www.nws.usace.army.mil> under 'Regulatory', 'Nationwide Permits', '2002 NWP's', or by request from the Seattle District at (206) 764-3495.

The Seattle District and the Washington State Department of Ecology are sponsoring free workshops covering recent changes in nationwide permits, integrated streambank protection guidelines, and endangered species program streamlining tools including programmatic consultations and a consultation checklist to help prepare biological evaluations. All the workshops will be held from 8:30 am to 4:30 pm. Registration is not required. Driving instructions will be posted at the above web site. Workshop dates and locations are as follows:
